## About This Content

**NOTE: THE MAIN GAME X-PLANE 10 IS NOT AVAILABLE ANYMORE!  
PLEASE ONLY PURCHASE DLCs WHEN YOU ARE ALREADY OWNER OF X-  
PLANE 10!**

The Carenado line of aircraft has been well acclaimed by users and reviewers for many years and for good reason. They are well constructed, looks good and have impeccable behavior in flight. The cockpits are accurate and well equipped.

## Features

- Plugin-enhanced
- FPS-optimized model
- NEW! Scroll wheel support
- DDS textures for faster load times and optimization
- HD quality textures (2048 x 2048)
- 3D gauges

- 
- Original HQ digital stereo sounds recorded directly from the real aircraft
  - GNS430 installed
  - 2D windows: Cameras (for setting different cameras and field of view) and Options (for opening pilot and baggage doors, making invisible windows reflections, statics elements and tinted windows)
  - Original C337 Autopilot
  - Accurately reproduced flight characteristics (tested by real Skymaster pilots)
  - Realistic night lights effect on gauges and virtual cockpit
  - Polygon optimized model
  - Full moving parts: Ailerons, elevators, rudders, flaps, rolling wheels and trim tab
  - Animated sections such as: propeller, doors, windows, sunvisors
  - Toggle yoke
  - Real weight and balance

### **Included in the package**

- 5 HD paint schemes
- 1 HD Blank texture
- Normal and Emergency Procedures - Performance tables PDF
- Quick reference table PDF
- Recommended Settings PDF

Title: X-Plane 10 AddOn - Carenado - C337H Skymaster

Genre: Simulation

Developer:

Carenado

Publisher:

Aerosoft GmbH

Release Date: 28 Jan, 2015

a09c17d780

**Minimum:**

**OS:** Windows XP/Vista/7/8

**Processor:** 3 GHz, multi-core CPU (or, even better, multiple processors)

**Memory:** 2 GB RAM

**Graphics:** with at least 512 MB of VRAM

**Storage:** 500 MB available space

English

---

Fun silly game, my little brother loves it.. This game takes a long time to finish. For each one of the characters there is a whole life story you can figure out, I really recommend you to not use any guide. I did not use it and it took me one whole day on the computer to finish, it was certainly worth it. I filled many pages full of notes to solve everything. :D

Really a great game and story. You can even talk to dead people! :P

Loved it.. the story of this game is just like a typical anime school story, because of that this game is a bit boring. but i still appreciate developer whos make an explanation about something like food name in this game. Overpriced at 5 (or your equivalent), maybe worth 2. It's a side mission, plain and simple, and an easy one at that. If one is even halfway competent (like me), he can easily dispatch the guards (half of which are sleeping) and the civilians, and then they can just strut around and sack the place. The only thing stopping them are a few traps (easily disarmed) and cameras that ring the alarm, and guess what, if everyone is knocked out, the cameras can't do jack.

Perhaps the mission is more challenging if you try to go phantom, but even then, it can't be that hard. There are no new elements other than the cameras, no new items, no interesting loot or obstacles.

Get this if you really want to get the additional content, or if you desire a bit more spending money and think that the DLCs that just fork it over are too cheap, but only during a sale.. Sorted now, game running nicely after reading solutions, thanks for all the advice. A good F1 driving game. Accessible and easy to get into with an Xbox controller but only on the easier settings. I think it would need a steering wheel to get the most from. The tracks feel very realistic and adds to my enjoyment of watching F1. 7/10. Don't be fooled by the simplistic design. This game is an amazing third person shooter where you, a square, must dodge, shoot and run from various enemies on a grid. In versus mode, you must use your bullets to eliminate the other player whilst changing the tiles on the board for you to walk across, whilst your enemy will do the same and may attempt to trap you by closing you in from the sides. As well as this, there is an arcade mode against bots (Which can also be played in a cooperative mode with your friends) where you have to survive waves of red square enemies and bot versions of the other players in versus whilst once again making paths to cross and trying not to get trapped on a path. (P.S: I think there are more enemies, it's just I haven't got to that stage yet xD). Arcade mode ends when both players lose all their lives in cooperative or when you lose all your lives in singleplayer.

This game is brilliant but needs more players :)

I'd definitely recommend this game, but people may mistake the simplistic design with the price. Maybe the dev could boost the players with a sale of some sorts and more gamers would see that not all simplistic games "aren't fun" because fun games don't have to have AAA graphics. As long as it fits its design well and has good gameplay, I'd call it a good game.

Overall: 10/10

---

More like America's second national anthem. this bomberman mirror is fun!. Bought before the holidays, as I was looking for some party games to play with family and friends. For the most part the game has been an absolute blast and would recommend to those who are after a Buzz like game for PC.

There has been the occasional technical area when playing in larger groups with everyone on the same network, sometimes the app freezes or loses connection, but the majority of games have been hassle free.. Graphics: 9/10

History: 10/10

Gameplay: 9/10

Sounds: 9/10

Replayability: 10/10

Final Consideration: Wow, i have no words seeing this alawar games here on steam,played before steam many many hidden object games,and seeing this game here is amazing! played before and in the steam this game keeps awesome!

Like the other game,hidden object 4 in 1,i played before steam,because this my time of gameplay is small!

Very Recommended. Cute game where you collect critters to battle opponents!. The gameplay is okay in my opinion. The only other tennis game franchise I played a lot of us Virtua Tennis series. I did play others for PS2 back when but don't recall it but the gameplay compared to VT is enjoyable, takes getting used to but it's enjoyable. My gripe with this game is the models and surroundings of the court and crowd. The courts just look like bland flat color squares rather than clay, etc. Think of drawing a basic shape and filling it with one color in Paint, that's what it looks almost like to me. I'll return to it once they fix this. It detracts from a game with good game play.. A sensible way to increase the game's longevity. Fewer quests requiring high difficulty runs would have been nice, considering how hard it was to get geared for them in Vermintide 1.. the system requirements show me htat i can play it on ultra... i cant play it on low graphics 0/10
